

HERCULES HOISTS LIMITED

Electric Chain HoistMedium Duty

(EH II) Series

- Lifting
- Moving
- Storing

- Capacities up to 2TSuitable for medium duty application
- Rugged German design and proven over 30 years

Assured reliability

Built with conical rotor brake motor
Proven technology ensuring motor start / brake
release and motor switch off / brake

release and motor switch-off / brake application are synchronised

► Fail safe brake

Advantage of conical rotor motor

Precision machine case hardened, alloy steel gears

Long life with low noise operation

- Light weight, simple mounting design Easy to install, use, re-install
- Built in control panel Plug and use
- Precision machined and hardened load chain wheel

Long life of load chain wheel and smooth operation

► Grade 80 load chain

Higher safety factor and longer chain life

► Hoist and Electric Control Design available for hazardous area application

Extended application capability

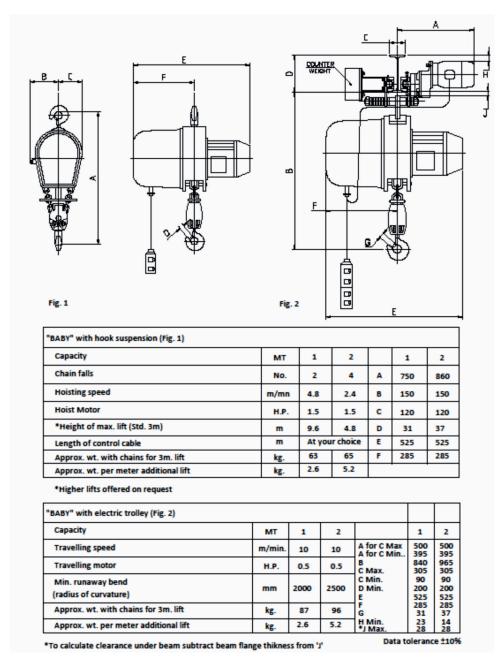

Material Handling. Delivered.

Redefining Material Handling. Since 1962.
